TITAN
PRO RAIL

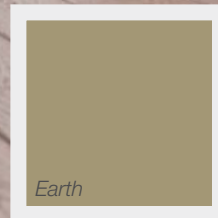

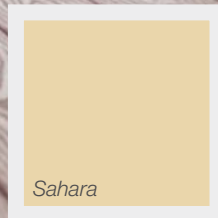

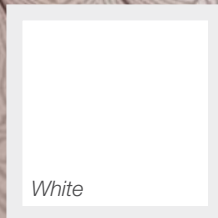

The Titan rail provides not only a sleek,

attractive

appearance for the homeowner, but the installation of the Titan system is exactly what we are looking for.

– Mark, Deck Builder, IN

Why TITAN PRO RAIL[®]?

TITAN PRO and TITAN PRO XL were created with the installer in mind. A Titan rail section assembles in minutes and is ideal for residential and commercial applications. Metal-to-metal connections add to the sound engineering that enables easy and safe installations. Titan is manufactured using the highest quality materials to meet your performance and building requirements.

1 *Easy Installation*

Titan posts come with a low-maintenance vinyl sleeve and pre-attached brackets making them ready to go for your installation. Just drop in the rail sections as you assemble them and you're all set!

2 *Strength & Security*

Vinyl clad aluminum makes for a strong and dependable railing system while the Titan Pro rail profile meets International Residential Code for stair rail graspability - no secondary hand rail is needed in residential applications!

3 *Customizable Options*

Titan Pro Rail offers a choice of two heights – 36" for residential application and 42" for commercial, 4 balusters styles, and 3 color choices, making it a versatile option for your home or business!

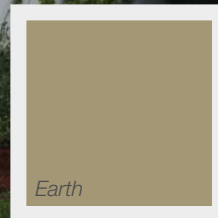

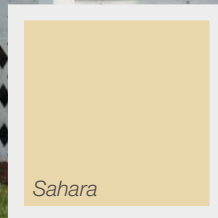

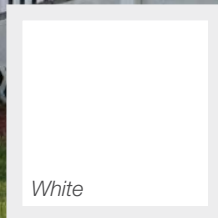

Endurance[®]

ORIGINAL RAIL™

Endurance is the
number one
name brand, and most
recognized by our contractors.

– Tom, Lumberyard Manager, NJ

Why ORIGINAL RAIL™?

ENDURANCE ORIGINAL RAIL™ is the cornerstone of the RDI product line. The most complete system of railing kits is coupled with a variety of accessory brackets that allow installation to almost any surface at any level angle up to 45°. Simple form and dependable function unite this railing design to maintain safety without sacrificing the elegant presentation of your home or commercial space. All kits are available in your choice of balusters: square, turned, or round metal, and are included in the kit. Glass balusters sold separately.

1 *A Quality Product*

Everything you need is included in each railing kit box for a railing installation that exudes timeless elegance while providing low-maintenance dependability for years to come!

2 *Strength & Dependability*

Endurance Original Rail boasts the low-maintenance of a vinyl railing system with the dependable strength of the aluminum reinforced top and bottom rails to keep your family safe and secure.

3 *Installation Options*

Whether you're installing on existing 4" x 4" posts or elegant round columns, our complete line of bracket kits help you complete any project! With 4 balusters styles and 3 color options, you're sure to find your perfect style combination with Endurance!

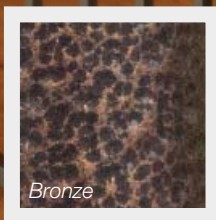

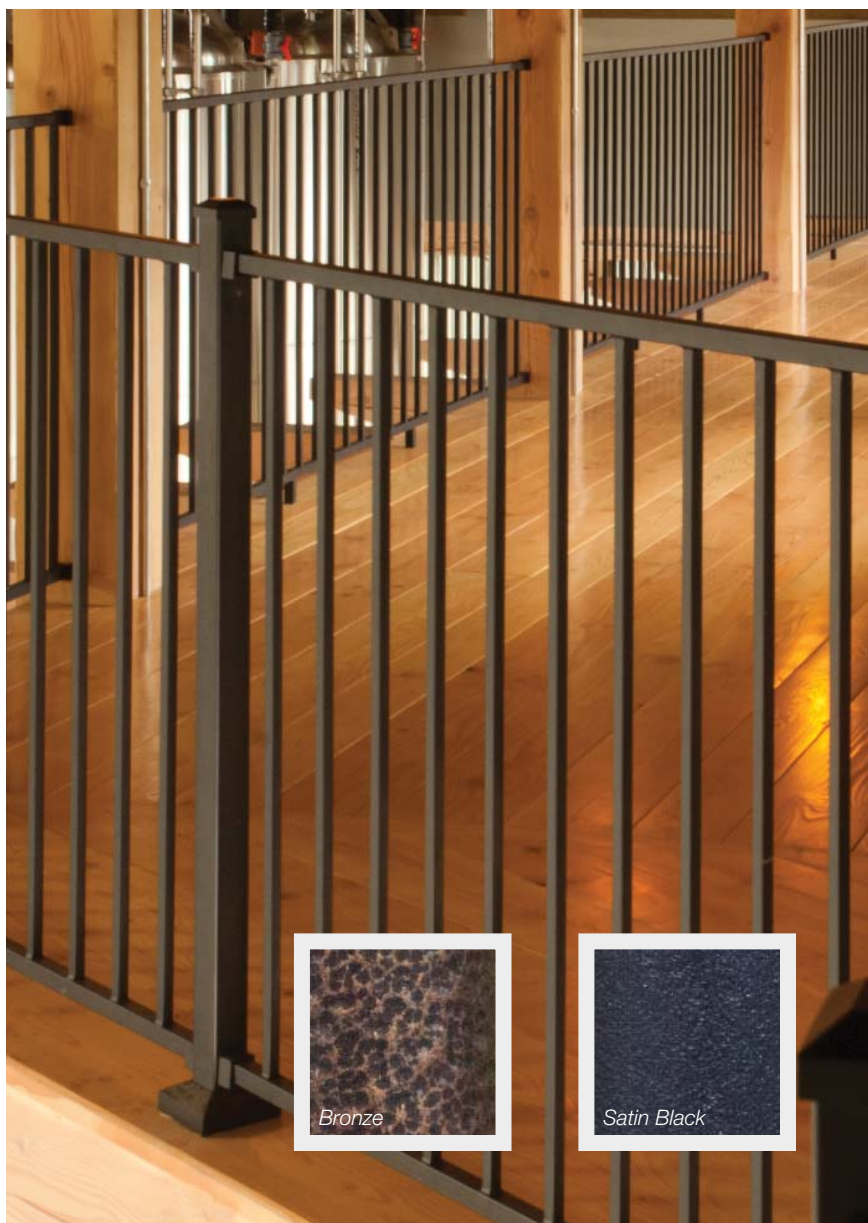

“

My experience with Excalibur Railing Systems by Railing Dynamics, Inc. has been fantastic! It adds a

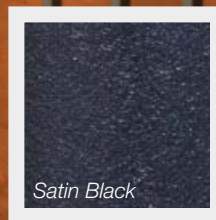

sleek finish

to any home or business.

– David, Builder, NH

Bronze

Satin Black

Why EXCALIBUR®?

Sexy. Sophisticated. A new twist on a time-proven idea. We've taken elements you've loved from our Endurance and Titan Pro railing systems and created Excalibur, the steel railing line from the RDI Metal Works family. Endurance-like hidden attachments, Titan-like easy installation, economical, and sleek satin black and hammered bronze finishes, are all combined together to create our first fully metal system. Sure, metal has been around for a while, but you've never seen it quite like this.

1 *Strength of Steel*

Excalibur's pre-welded components provide strength while it's triple-coat finishing process ensures durability and a look that will last.

2 *Custom Options*

Add a feeling of warmth to the toughness of steel by adding a custom wood top or matching deckboard. Install using our fascia mount posts for a more traditional appearance. Or, mix it up by combining Excalibur rail panels with different post options from our Crossover Products.

3 *Our Guarantee*

Excalibur comes with a 15-year residential & 10-year commercial warranty on materials and a 2-year labor warranty to ensure your satisfaction!

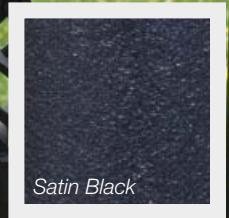

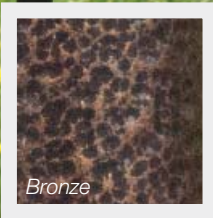

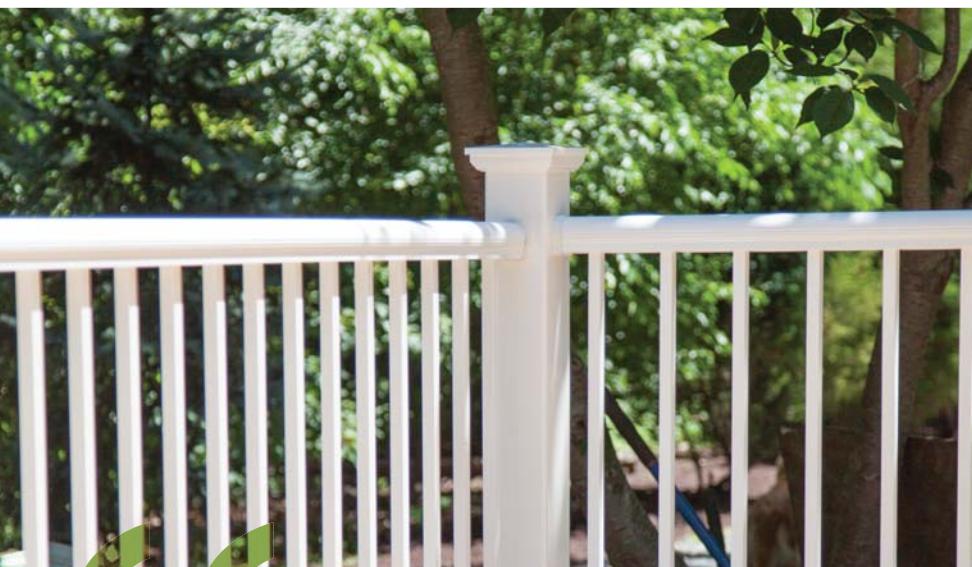

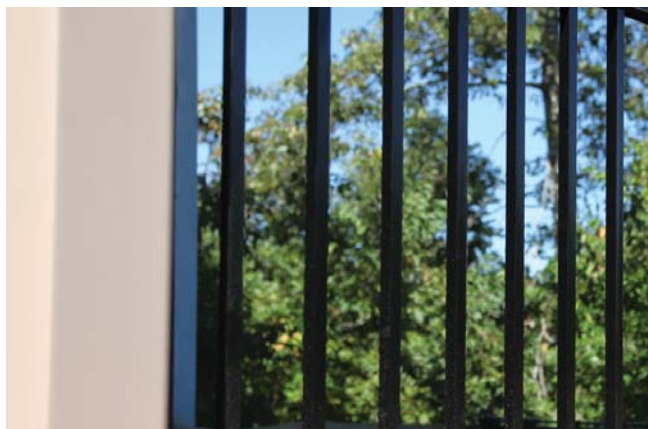

My wife & I both think that the railing selection was very appropriate and adds an air of

class & style

we couldn't find with other railing choices.

– Thurl & Karen, Homeowners, OH

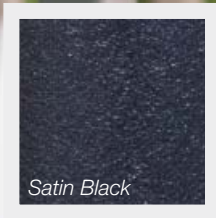

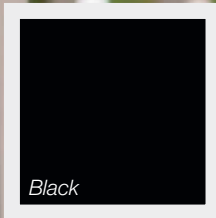

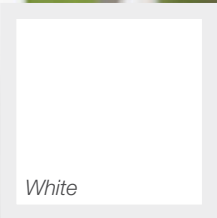

Our family had our RDI railing installed this past spring; what an

amazing

difference it has made to our backyard!

– Jennifer, Homeowner, PA

Why **AVALON**[™]?

AVALON ALUMINUM RAILING[®], the newest edition to the RDI Metal Works[®] family, brings you many of the features you've loved about our other products with a new attitude. Unique style options combine form, function and versatility to add a rich, stylish look to your home while adding safety and security at the same time.

1 *Durable & Reliable*

Durable aluminum weathers tough conditions and Avalon's powder-coated finish guards against rusting, rotting, peeling, or fading. To back it up, Avalon comes with a Lifetime residential warranty!

2 *Unique Style Options*

Customize your Avalon installation with 3 different top rail options, and 3 different color choices. Mix it up by installing Avalon with a selection of Crossover posts and post caps, or use our matching Avalon posts.

3 *Hidden Fasteners*

Our innovative Securatec[®] locking strip locks balusters in place without the need for screws, which can corrode, or unsightly spacers between balusters. Our brackets install into the top rail and are covered by a top rail end cover for a sleek, finished appearance.

VINYL HAND RAIL™

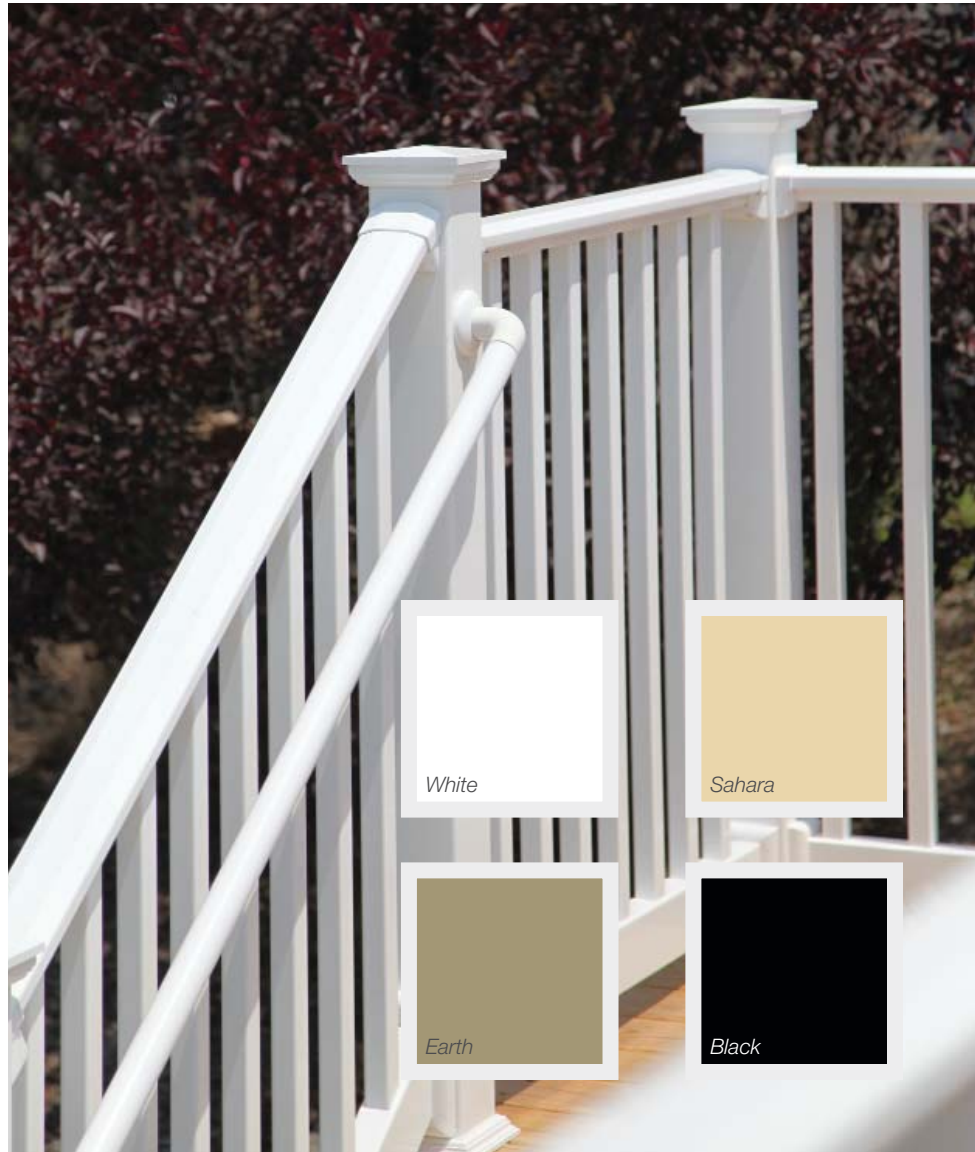

“

It is an excellent product, with quality in

design

and I couldn't be more satisfied with the results.

– Tom, Homeowner, MD
