- All French doors have tempered glass with a certified stamp as required by most building codes.
- Glass is compression-fit into natural hardwood mullions.

- In addition, each tempered glass pane is individually wrapped with a plastic film to prevent scratches during finishing and delivery.

SPECIFICATION NOTES:

a Dimension is to panel edge.

b To maintain structural integrity, doors 1'10" or smaller have half the panel count shown in the door code (e.g. 1'8" 4TH+=2 panels).

c Doors 1'4" and smaller have a 2-3/16" stile dimension width.

d Size shown is for standard 6'8" French door. Bottom rail is 13-1/8" for a 7'0" door; 11-5/8" for a 7'6" and 8'0" door.

e Certain door styles do not have lock rails.

f Etched glass doors available in 6'8", 7'0" & 8'0" sizes. (Pantry Glass 8'0" is available with bottom panel).

g Half-lite doors, including 12-lite, can be ordered with different glass styles.

Veneer faces may contain multiple flitches due to species and veneer machining limitations.

Dimensions are subject to engineering changes and product upgrades. Changes may occur at any time.
